

V. EMAIL SETUP

Email Setup allows you to set a default email for all your incoming and outgoing fax messages. Just enter desired email destination on the corresponding fields, then click '**Update**'.

Note: You may use the same email address for both incoming and outgoing messages.

The screenshot displays the 'Email Setup' configuration page. On the left is a navigation menu with options: Overview, Messages, Contacts, Email Setup (highlighted), Fax Log, Account, Switch Number, and Logout. The main content area is titled 'Email Setup' and is divided into two sections: 'Incoming' and 'Outgoing'. The 'Incoming' section includes an 'Email Address' field containing 'john@gmail.com' with a help icon and the text 'For incoming fax messages.', and a 'Format' dropdown menu set to 'PDF' with a help icon and the text 'Format of incoming fax messages.'. The 'Outgoing' section includes an 'Email Confirmation' field containing 'marsha@gmail.com' with a help icon and the text 'For outgoing fax notifications.'. At the bottom of the form are two buttons: 'Update' and 'Reset', with a mouse cursor pointing at the 'Update' button.
